

# THUMBS UP for Safety

ABRSD Transportation is... “THUMBS UP” for Safety.

**MAKE** eye contact with your Bus Driver and wait until the driver gives you the “THUMBS UP” to cross the road.

**YOU** should give your Bus Driver the “THUMBS UP”, so your driver knows you are checking to know it is OK to cross the road.

**STOP** and **CHECK**, when crossing, to make sure traffic has stopped before you continue to the other side.

**ALWAYS** walk ten steps to the front of bus and on side of road.

**KIDS** tell your **PARENTS**, please help out by allowing the Driver to cross you safely.

**TOGETHER**, we can make a difference  
in safely crossing our ABRSD students.
